

## Community Impact Leadership Partners

Working with local family foundations and funds, we target additional investment that create long-term change for hardworking households struggling to make ends meet.

We do this by connecting the donors' interests with our Community Impact Strategy Map and its three focus areas of health, education and financial stability.

### Thanks to our generous partners:

Chaney Community Foundation  
Dr. Lee and Marion P. Lee Trust  
The Laughlin Family Foundation

## COMMUNITY IMPACT INVESTMENT

# Our Strategy

ALICE households live in every part of the county. They are households headed by single parents, seniors, Hispanics, African-Americans, veterans, and those with children. They represent 37% percent of our community and they can't afford to live and work here. We identify, build and support programs that bring lasting change.

## United Way Grants

Our competitive, multi-year grants to local nonprofits for programs that will produce long-term change. Last year, seven nonprofits received funding that assisted families at risk.

### Health

Mental Health Association of Frederick County  
The Religious Coalition for Emergency Human Needs  
Spanish Speaking Community of Maryland, Inc.

### Education

Student Homelessness Initiative Partnership of Frederick County  
Housing Authority of the City of Frederick

### Financial Stability

Advocates for Homeless Families  
Literacy Council of Frederick County

## COVID-19 Emergency Relief Grants

Distributed 51 grants to 35 local nonprofits for food, youth/child programs, emergency services, and economic recovery.
